

MiniMag™

1140.30SMA

MiniMag magnet mount antenna – excellent for people on the move

The MiniMag magnet mount antenna is an excellent solution for people on the move, for rental cars, taxis etc. It has a small and light design and takes minimum space in your briefcase or pocket.

Improves the signal to ensure the best possible coverage. Extremely easy to mount: just place it on the car roof or any metallic area. Stays on safely at speeds of over 200 km/h (125 MPH). MiniMag is also available in complete sets with groundplane Sputnik, to facilitate your choice and ordering process.

MiniMag

- **Designed for reliable magnet mounting**
- **Operates in frequency range 824-960/1710–2170 MHz**
- **Operates in systems GSM900/1800, AMPS/PCS 800/1900, UMTS**
- **Strain relief on cable**

Specifications MiniMag 1140.30SMA

Electrical

Frequency	824–960 / 1710–2170 MHz
Impedance	Nominal 50 Ω
Polarization	Linear vertical
VSWR 1	2:1
Gain	3 dBd (low band)/ 0 dBd (high band)
Max Power	10 W

Mechanical

Dimension Base	27 x 20 (\varnothing xH) mm
Height with radiator	53 mm
Weight	59 g
Material Base:	ABS
Colour	Black

Environmental

Temperature Storage:	-40°C +85°C
Operating:	-40°C +85°C

Other

Cable	3 m RG174
Connector	SMA(m)

Product No

1140.30SMA
